Care Instructions Calathea Fusion Yellow

The Calathea Fusion Yellow is a stunning tropical houseplant prized for its exceptional variegated foliage. Each leaf showcases a striking blend of rich green, creamy yellow, and soft white marbling, beautifully complemented by deep purple undersides. No two leaves are alike, with every plant displaying its own unique, painterly patterns that make it a true living work of art. Its lush, vibrant appearance brings a touch of elegance and sophistication to any indoor space, making it a favourite among collectors and plant enthusiasts alike.

Light: Bright indirect light. Enjoys humidity and misting. Avoid sudden temperature drops, and keep away from draughts. Direct sun and dry or cold draughts will brown the leaves.

Water: Water when top 2cm of soil feels dry, ensure pot has drainage to avoid root rot.

Maintenance: Ready potted in our premium soil, so no need to repot for the next 12-24 months. Fertilise with our GrowthTechnology Foliage Focus Plant Food monthly during spring/ summer. Reduce feeding in the colder months.

Air-purifying plant. Toxic: Keep out of reach from pets and children.
